## **Notice of Resumption of Operation of Russian Subsidiary**

As announced in a press release dated April 24, 2020, our Russian subsidiary, Ferrotec Nord Corporation (Head Office: Moscow City, Representative: Keiji Uemura) suspended operation of the plant, as one employee working at the plant has been infected with the new coronavirus (COVID-19). However, since we received the permission from the relevant authorities of the Russian Federation for the operation, we have resumed the operation from May 12, 2020.

Our Group will continue to place top priority on preventing the spread of COVID-19, and will thoroughly implement anti-infection measures to ensure the safety of our business partners and employees.
