Notice of the Conclusion of a Contract for Sponsoring Paralym Art® as an Official Partner

Ferrotec Holdings Corporation (headquartered at Nihonbashi, Chuo-ku, Tokyo; Representative Director: He Xian Han; hereinafter “the Company”) announces that the Company has concluded a contract for becoming an official partner of the Shougaisha Jiritsu Suishin Kikou Association (located in Minato-ku, Tokyo; Head Director: Ryo Nakai), and from September 2021, we will sponsor Paralym Art®, an activity for assisting disabled artists in becoming independent.

Our company upholds the corporate principles: “Strong commitment to our customers. Excellence in engineering precision solutions. Delivering superior quality, value and service,” and under this principles, we engage in ESG activities. This time, we have agreed with the activities of Paralym Art for facilitating the independence of disabled people in the private sector, and signed a contract for becoming a partner for Paralym Art for the purpose of helping disabled people have “dreams and vigor” by promoting such activities.

<What is Paralym Art?>

Paralym Art is the activity led by the Shougaisha Jiritsu Suishin Kikou Association for promoting disabled people to be part of society and obtain financial independence for the purpose of “realizing a world where disabled people can make their dreams come true with fine arts.” The organization forms a team with disabled artists and supports them by enlisting continuous cooperation from private enterprises and individuals without replying on social security grants. The organization distributes the paintings and designs produced by artists to many people, and pay remunerations to the artists according to how much their works have been used, to support the independence of disabled people.
